FINAIVE – United Kingdom (Remote)

Sept 2024 – July 2025

AI Powered Finance Organization

Mobile Developer

- Developed reusable React Native components and implemented new application features.
- Integrated backend APIs to support authentication, payments, and user data management.
- Worked closely with product and design teams to improve usability and mobile user experience.
- Improved application performance through code optimization and efficient state management.
- Fixed production bugs and contributed to application maintenance and feature enhancements.

REGNANT DIGITALS – Lagos, Nigeria

Oct 2021 – Nov 2022

Digital Agency in Lagos, Nigeria

Frontend Developer

- Developed responsive websites using HTML5, CSS3, JavaScript, React.js.
- Converted UI/UX and Figma designs into pixel-perfect, production-ready web applications.
- Built and maintained WordPress and Shopify websites for business and e-commerce clients.
- Implemented responsive layouts ensuring compatibility across desktop, tablet, and mobile devices.
- Optimized websites for speed, accessibility, and SEO best practices.
- Collaborated with designers and clients to deliver modern, user-focused digital solutions.
